

An Adventure within An Adventure

Life at St. Timothy's is always an adventure. Seeking to follow our Lord's leading in our community and experiencing together the joys of fellowship and God's Presence is never dull.

As you know, St. Timothy's is participating as a pilot parish along with 7 other parishes in a new initiative to help us understand ourselves, our community, and God's desire for us in our community. Coached by well-known church growth expert Alan Roxburgh along with his staff of coaches, we have begun a two year process of learning.

I am very thankful for the Guiding Team which has formed to help us in our first steps. Our team is Kevin Chung, Donna Clifton, Penny Laity, Bob Micks, Tim Phoa, Mark Regis, Matt Tandy, and Shauna van Hoof.

As we begin, we need your help:

We need stories. We need to hear from as many people as we can of all types ranging from new members and even non-members who are still somehow associated with St. Timothy's all the way to life-long members. Our team would like to have a brief interview with you to ask you six questions.

If you can help by agreeing to be interviewed, please visit the desk in the Narthex after the service and sign your name. A member of the team will contact you soon. Please consider being involved: your experience at St. Timothy's is valuable.

Here are the questions the team will be asking you:

1. Reflect on your entire experience at St. Timothy's:
 - a. When did you feel most engaged, alive, and motivated?
 - b. What was happening that contributed to this experience?
 - c. What did you do?
 - d. How did it feel?
2. What do you think are the most important, life-giving characteristics of our parish?
3. When are we at our best?
4. Describe a time in our parish when God was most real and alive for you
 - a. What was it about this experience that was so important to you?
 - b. What did it say about God's activities in our parish?
5. What have been the most significant worship experiences of our parish for you?
6. If you could make three wishes for the future of our parish, what would they be?
